

DIY Heart Pillow

 30 Minutes

Instructions:

1. Draw a big heart filling your blank sheet of paper and cut it out.
2. Use the heart you cut out as a stencil to cut your felt. Place the paper heart on a sheet of felt and cut the felt around it. Do the same with your second sheet of felt.

3. Once you have 2 felt hearts place them on top of each other and make sure they line up as much as you can.
4. Using scissors, cut a slit through both felt pieces about 2 inches deep. Work your way around the edge of the heart and cut slits 2 inches deep all around leaving $\frac{1}{2}$ an inch in between each slit. Now you have fringes all around!

5. Take one little fringe from the top felt and the fringe under it from the bottom felt that line up and tie them together two times into a knot. Continue to tie all the fringes around the heart until you have five left next to each other. You will now have an opening into the heart.

6. Stuff the heart with the pillow stuffing until it's nice and plump and then go ahead and tie the rest of the fringes.
7. Use the fabric marker to write "Love your fellow" on your pillow and decorate it with mini hearts as you wish or you can leave it with just the words.

Think About It

Having a pillow like this in your room is sure to remind you to keep your room a place of Ahavat Yisrael, a place where everyone feels loved and welcome!

OVERVIEW

Handmake your own Ahavat Yisrael pillow to decorate your bedroom!

SUPPLIES NEEDED
