

## Roots Canvas Art

 20 Minutes

### Set Up:

#### (Instructions for Parents)

- Before you begin, have a parent or counselor set up a paint zone.

### Instructions:

1. Paint your canvas as you would like!
2. Let your artwork dry.

3. Once it's fully dry, add rhinestones as leaves or fruits on the tree.

### Think About It

Just like a tree needs strong roots to grow tall and be healthy, people need strong roots too. Getting a Jewish education when we are young gives us a strong foundation and builds our roots. It helps us to grow into the proud Jews we want to be when we grow up!

### OVERVIEW
