

Kosher Cooking - Apron Decorating

 15 Minutes

This activity is best done outside- it could get messy! Lay a drop cloth or garbage bag down outside and place the apron on top of it. Put on an old t-shirt to help stay clean.

Instructions:

1. Optional: Use your markers to color in the picture in the middle of your apron.
2. Choose your favorite color paint, and put a squirt of it into your spray bottle. Add a few splashes of water, to make it $\frac{1}{4}$ part paint, and $\frac{3}{4}$ parts water.

3.

Close your spray bottle, and shake it.

4. Try your spray paint out on a napkin or paper to make sure it's the right consistency. If it's too thick, add a little more water.

5. Spray your paint around your apron to get a cool paint splatter design.

6. Once you sprayed enough of that color, rinse out your spray bottle with water.
7. Repeat steps 2-5 with as many paint colors as you'd like!
8. When you are done decorating, place your apron somewhere safe and leave it to dry.

OVERVIEW

Decorate an apron with awesome spray paints, to use in your very own Kosher kitchen.

SUPPLIES NEEDED

- Apron
- Paint
- Markers
- 1 Mini spray bottle
