Ice Cream in a Bag

② 25 Minutes

Instructions:

- **1.** Pour milk, sugar and vanilla into the small bag. Close tightly and make sure to let out the air.
- **2.** Place the bag into the other small ziploc bag to make sure that the first one doesnt leak.
- **3.** In the big bag, place the ice and salt. Put the bag of milk inside and close the big bag.
- **4.** Now shake very well!!! You can lightly toss it back and forth between you and your brother or sister. Shake for about 10-15 minutes, until ice cream is frozen.
- 5. Open your bags, pour the ice cream into a bowl or cone and add your favorite toppings.
