

Live it. Love it

Let's Chalk Shabbat!

 **15 Minutes**

Setup:

(for parents)

Before you begin, have your parents look up this week's candle lighting time for your location.

Instructions:

1. Cut out the gray colored areas of the shapes on your template, by poking a small hole into each shape with your scissors, and then cutting.

2. Use your stencils, and chalk to color in these shapes, and draw Shabbat messages on the sidewalks around your neighbourhood. Don't forget to include what time Shabbat starts!
3. Gift a friend, or family member who does not yet light Shabbat Candles with the Shabbat Candles kit.

Think About It

Let's Chalk Shabbat is inspired by the Lubavitcher Rebbe's encouragement to light up the world through the special mitzvah given to women and young girls to light Shabbat Candles. #LetsChalkShabbat continues to spread.

Everyone can join; all it takes is some sidewalk chalk and a passion for lighting up the world.

OVERVIEW

Lighting Shabbat Candles 18 minutes before sunset each Friday is a special Mitzvah which welcomes in the Shabbat! Spread the light of this Mitzvah by decorating the sidewalk outside your home with the Shabbat candle lighting times

SUPPLIES NEEDED

- Chalk
- Scissors
- Shabbat Candles Kit
- Let's Chalk Shabbat Stencil
